Dr. Walter F. Chappell,

7 East 55th Street,

New York.

My dear Dr. Chappell:

Your telegram has just arrived. Please accept my thanks. I shall be delighted to stay with you when I am passing through New York on the 23rd of this month. I expect to leave Philadelphia on Saturday morning and to be at the Republican Lunch that day. Possibly I may stay over with you until the Sunday evening train. There are to be no services in the University Convocation Hall from now on owing to the lack of coal and if I arrive here on Monday morning I shall be in time for my regular work.

Probably I may pass through New York on my way to Philadelphia, but if so I shall not do more than drive from one station to another. I have to give the George Washington address at the University of Pennsylvania on Friday the 22nd.

Last night was one of the coldest nights on record in Toronto. The thermometer dropped to something below 20, and people are suffering very much from lack of coal. Hoping to see you soon, I am,

Yours sincerely,

President.

Dr. A. F. Chappell,

7 East 55th Street, New York City.

Dear Dr. Chappell:

I am to be in New York next Monday, April 22nd, to attend a meeting of the Carnegie Foundation for Teaching. I was under the impression that our Alumni were endeavouring to arrange a meeting for that night, but I have heard nothing of it.

You have been so kind in urging me to let you know when I am coming to New York that I venture to do so now, though I hope that if it is not entirely convenient for you to have me stay with you you will not have the slightest hesitation in saying so, and I will make my arrangements to go to a hotel and go up to see you while I am in New York.

I hope that you get good word from Walter. With kind regards, I am,

Yours sincerely,

President.
